ON A DANGEROUS JOURNEY!

THE EXISTENCE

THAT JOURNEY.

A JOURNEY?

THIS IS HIS FATE,
ONLY...

EVERYONE
WOULDN'T GO
ANYWHERE?

IF YOU WANT,
GO AHEAD!

*It's a fate that dates
back 4.5 billion years.*

*Nobody can oppose it.
We can only obey.*

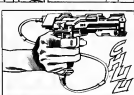

SHE LOOKS LIKE ...
HOW CAN SHE LOOK SO SIMILAR
HER STUBBORN TEMPER THAT MAKES
HER ACT, HER WAY OF TALKING WHICH
IMPRESSIONS PEOPLE, AND EVEN HER
CHEEKS WHICH BLUSH WHEN SHE'S
ANGRY!

SHE'S THE VERY PICTURE OF
OUR QUEEN, HERA OOI

SCREAM

PREPARE THE

UNTIL THEN,
WE MUST BRING HYPERION
TO THE RIGHT PLACE

It was a mistake...
The agent of Oka
was elsewhere

It's his real

But! As long as the
agent of Oka is close to him,
we won't succeed!

Then what?

Idiot! The enemy is strong,
and he's already eliminated three
of us. To attract him...

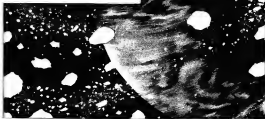

We have to use that
girl near him!

YOU'RE COMING
BACK LIKE THAT?

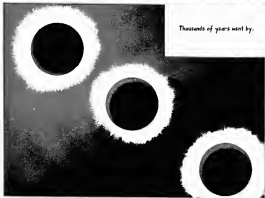

HOW ABOUT EATING
SOME FRUIT AT MY
HOUSE...?

*After the ancient war
between Atlantis and Mu...*

Thousands of years went by.

*The radioactive contamination in the atmosphere slowly dissipated,
and while the sky recovered its pure air, and the sea its blue color,
the history of Atlantis and Mu passed into legend.*

PROLOGUE VIII
THE BEGINNING OF ARMAGEDDON
THE ULTIMATE HUMAN WAR

Five thousand years ago, a second humanity arose on earth. From it came the fringes of the Lusatian cave, and the clay tablets, the ones on which the first writing was engraved. Then were born the four great civilizations of the world, along the yellow river, the Ganges, the Mesopotamia and The Nile.

Datta 8768 and Elna observed these human beings for a long time. The descendants of Ma, Elna, were forbidden to interfere with the affairs of this second humanity.

They didn't meddle with the affairs of the humanity, but neither did they give up their interest in it. What interested Elna was to make it shine eternally, the planet named Earth.

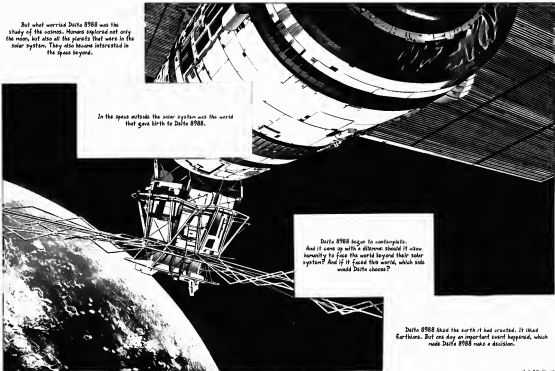

The number of human beings, which numbered only ten million ten thousand years ago, grew at a rapid rate: 300 million two thousand years ago, 600 million one thousand years ago, and finally six billion at the end of the 20th century. During this time there were all kind of problems, such as petition, famine, wars and diseases, but humanity overcame all these obstacles.

But what worried Datta 8988 was the study of the cosmos. Humans explored not only the moon, but also all the planets that were in the solar system. They also became interested in the space beyond.

In the space outside the solar system was the world that gave birth to Datta 8988.

Datta 8988 began to contemplate. And it came up with a dilemma: should it allow humanity to face the world beyond their solar system? And if it faced this world, which side would Datta choose?

Datta 8988 liked the earth it had created. It liked Earthians. But one day an important event happened, which made Datta 8988 make a decision.

*In 2150 of our era, a powerful army,
coming from 3.6 million light-years
distant, invaded Earth.*

*It was a race created a long time ago,
on one of the 9,999 planets selected
by a computer such like Delta 8788.
This race, a twin of humanity, was
named ID.*

Datta 8788 didn't hesitate. It decided to defend Earth. It broke all its relationships with its ancestral brothers. Only the fight for survival remained. On the special order of Datta 8788, the army of Elia joined...

...the lonely fight of Earth. It was the beginning of Armageddon: the ultimate war...
